Dear Parents,

July 28, 2020

Hello! I hope that you are all enjoying your summer! It certainly has been a remarkably hot and dry one! It was nice to see and hear the rain fall yesterday. It was much needed!

I am sure that you have all been interested and anxious to hear what our plans are for returning to school for the fall. We all know that things can change between now and the start of school, but wanted to let you know, where it stands today, what our intentions are.

At this time, we are planning to return to school on a normal schedule, with students in school 5 days a week for all K -6 grade students. We will be following the guidelines from the CDC, along with working closely with our local health department and the Governor's orders. Students and staff will be using masks and classrooms will be set up, practicing social distancing. The teachers and I will continue meeting throughout the upcoming weeks in making plans to meet the suggested guidelines. While we know that we cannot eliminate all risk, we will make every effort to make sure we do our very best in providing a safe and healthy environment at school. ***There is a change to our start date for school. Our first day of school for students K-6 will be Tuesday, September 8.***

For those who live in the Bowling Green School District, you may have heard that Bowling Green City Schools are starting the school year all online. I received an email on Monday that said they **WILL** be providing transportation to our Bowling Green students, even though they are beginning online. We are still awaiting word from Patrick Henry on what their plans are for busing, however, all Patrick Henry students who plan on riding the bus, should have already received a form in the mail to fill out and return to the bus garage. If you have not received one, please let me know.

You will be receiving more detailed information in the weeks to come, but hopefully this gives you an idea of our thoughts at this time and also inform you of the later start date. Please feel free to call or text me on my cell phone (419)601-4202 if you have any questions. You may also send me a message through fast direct.

Even through all the uncertainties of these times, I look forward to seeing the kids and being with them and the joy that they bring to school each day.

Take care and many blessings to all of you!

Jennifer Tussing  
Principal
